

Merrimac Green Advisory Committee
Minutes of the meeting
5/25/26 6:30-8

Members present:

Kendra Bowker
Cheryl Leone
Martha Muehe-zoom
Mike Stevens-zoom
Liaison- Ed Davis

Absent:

Andy Toomey
Liaison- Rob Gustison

Discussion:

- Approved meeting minutes from 4/20/26
- Approved Agenda

- Ed will ask Mary if she has heard from Homeworks regarding a spring event in Merrimac.

- Discussed distribution of the Green Energy Survey to library, senior center, Light Dept, and flyer locations in town, and promoting through social media and local cable
Decision is to start this week which coordinates with the June 1 inclusion of the survey in the Light Dept. bills.

- Discussed Selectboard presentation on 5/12 by Dillan Patel. Board members were happy with the presentation. Kendra will followup by sending them the presentation slides. It was agreed to ask if they have any other questions and if a meeting with Town Dept. heads should be done. The committee could then follow up with a request for a sign off in a month or 2. Mike spoke with the superintendent at Pentucket and he will consider the sign off as well.

- Kendra reported on the Mass Energy Explorer event she attended. We agreed that it is not always possible for a committee member to attend various events/seminars that Merrimac sends info about but that we can consider events as they come to the committees attention.

- ACES would like to speak to our committee about joining that group in it's efforts for energy efficiency and waste issues. It was agreed to concentrate on the survey for at least the next meeting.

Next meeting June 22 6:30-8 Merrimac Police Dept. and zoom
