Cable Access can help the town with funding for ADA compliant software for the town web site as long as the software also meets needs Cable Access has for compliance. Christopher Gaudet will reach out to Carol Traynor, Alyssa Sexton to set up a Zoom call with Audio Eye representatives to review what they could provide to the town and Cable Access for ADA compliant software.

Agenda Items No: V

1. **Locust Street playground slide pointed out in ADA Transition Plan:** The slide at the new playground is two inches too short. To be ADA compliant the slide needs to be 11 inches from the ground. It is now nine inches off the ground. Christopher Gaudet reached out to Jason Corbett from Little Tykes and discovered there is no way to fix the height without removing the entire structure. COD members determined that for now, the structure will be left as is due to the expense involved. There have been no issues or complaints so far with the playground access. Bob Sinibaldi explained that he is still waiting for safety harnesses to arrive from England.
2. **Draft Copy Americans with Disabilities Act (ADA) Policies, Procedures, and Practices:** Currently the town has no ADA policy in place. Christopher Gaudet created a draft for the COD members to review/revise/edit. Members will also research resources that could provide reasonable accommodations

for people with disabilities to access town activities, resources, and events.
COD will continue to revisit the Policies, Procedures, and Practices.
